

## Space Park Enology Club Presents:

# Winemaking: It's Not Rocket Science with Winemaker Wes Hagen

Friday, June 26<sup>th</sup>, 2015, 7:30 pm – DoubleTree-South Bay, Torrance, CA

Hosted by: Allen Wilson

The Space Park Enology Club is privileged to have winemaker extraordinaire, Wes Hagen, for a fun and informative evening of discussion and wine tasting on June 26th. Wes will be featuring wines from his brand new label. This label is so new that its name is still a secret!

Mr. Hagen is the former vineyard manager & winemaker at Clos Pepe Wines located in the Santa Rita Hills. The Santa Rita Hills AVA is known for its Chardonnay and Pinot Noir, and Wes' Clos Pepe wines were among the very best produced. They were in such high demand that Clos Pepe was available almost exclusively to his highly enthusiastic wine club members.

An advocate for the Santa Ynez Valley wine growing regions, Wes has been instrumental in the creation of three American Viticultural Areas (AVA's): the aforementioned Santa Rita Hills AVA; the Happy Canyon AVA of Santa Barbara County; and the Ballard Canyon AVA. Ballard Canyon, established in 2013, includes highly regarded wineries such as Rusack Vineyards and an Enology Club favorite, Stolpman Vineyards.

Wes is passionate about wine and winemaking and enjoys speaking to audiences about his craft. He is a teacher by trade, mentoring aspiring wine makers and producing numerous videos detailing his work in wine making, vineyard management, and farming.

Our evening will feature Wes' best respected & loved wines: a flight of **Chardonnay** (*think Premier Cru French Burgundy*), a flight of **Rhone varietals**, & his specialty Pinot Noir. As a special treat for the 3<sup>rd</sup> flight, Wes will be pouring a **rare vertical flight of his award-winning, beautifully elegant Pinot Noir**.
