***Friday, April 8<sup>th</sup>, 2022, 7:30 pm***

Space Park Enology Club is excited to host our first winery from Walla Walla, Washington featuring the wines of Brook & Bull. Winemaker Ashley Trout has been an integral part of the Walla Walla wine industry since 1999. She has worked eight harvests in Argentina, started three wineries in Washington and racked up both personal and professional accolades for her social justice work within the wine industry, as well as for her wines. She is one of Wine Enthusiast magazine's "Top 40 Under 40" and Wine Industry Advisor's "Wine's Most Inspiring People."

Trout started in the Walla Walla wine industry at age eighteen. She worked at Reinginer Winery for eight years, followed by Tamarack Cellars, Waters Winery and TERO Estates. In 2004, she began working the harvest regularly in Mendoza Argentina, at Alta Vista and Tamari with additional internships at Tapiz and Mendel. She launched Flying Trout Wines in 2006, focusing on Malbec and later sold the brand in 2010, staying on as the winemaker for five more years. In 2016, a decade after creating her first winery, she released inaugural wines for her two new brands, Vital Wines and Brook & Bull Cellars. Vital is a non-profit winery that donates 100% of its profits toward improving access to healthcare for vineyard and cellar workers in the local community.

**Founded in 2016, Brook & Bull focuses on producing fine varietals and untraditional blends with a low oak profile. Purposely highlighting vintage variation and showing Washington State terroir.**

**We relentlessly pursue beauty, just beauty. Welcome to Brook & Bull Cellars.**
