The Space Park Enology Club is excited to announce our May virtual wine tasting! Stags' Leap Estate Vineyard is located on one of California's oldest wine estates, a unique terroir and ideal microclimate that supports a classical standard of viticulture, land use, and winemaking. An intimate valley within

the greater Napa Valley, Stags' Leap is a 240-acre estate, of which eighty-five acres are planted with grape vines. This 85-acre Estate Vineyard is divided into twenty-three separate blocks based on soil type, exposure to the sun, and location (valley floor and hillside slope plantings). Most blocks are planted with Cabernet Sauvignon, Petite Sirah, and Merlot. The exception is Ne Cede Malis Block 5 which is planted with different varieties as a way of creating and testing new vines and clones, including Tannat, Carignane, Syrah, Grenache, Calzin, Peloursin, and Burger.
