

Space Park Enology Club Presents
 Our First Winery Visit Since 2019 Pre-COVID
 Featuring
San Antonio Winery
with Sommelier Dominic Menton
Saturday, March 18th, 2:00 pm – 5:00 pm

The Space Park Enology Club is excited to announce our first winery visit since 2019 before the COVID pandemic! Please join us at San Antonio Winery in downtown Los Angeles where sommelier Dominic Menton will host an informative tour, tasting, and family history of the winery. Light appetizers and a charcuterie board will also be provided during the tasting.

San Antonio Winery is a 4th generation family business owned by the Riboli family and remains the oldest and largest producing winery in Los Angeles with over 100 years of winemaking, making it an essential component of the city's cultural

and historical landscape. Still sitting on its original location on Lamar Street, the winery is the last vestige of the rich winemaking tradition of greater Los Angeles. In the early 1960's, Los Angeles' Cultural Heritage Board designated the San Antonio Winery Cultural Monument Number 42. San Antonio was named Winery of the Year in 2018 during its 101st year of operation. Operations have expanded beyond Los Angeles to Paso Robles and Napa Valley where the Riboli family has purchased its own vineyards to produce estate wines.

San Antonio wines will be available for purchase at a 20% discount if bought on the premises the same day as our visit. After our event you are welcome to stay on the premises and visit the wine store, gift shop, and Maddalena Restaurant. **The event timeline is as follows:**

- 1) **2:00 pm Gather for wine in The Heritage Cellar**
 - 2021 Sauvignon Blanc, San Simeon
- 2) **2:45 pm Tour, Formal Tasting (3 oz pours), and Family History; Light Appetizers and Charcuterie**
