

DEMETRIA

## Space Park Enology Club Presents

a Virtual Wine Tasting featuring

### Demetria Estate

with Winemaker Emily Myers

Friday, September 19<sup>th</sup>, at 7:30 pm, via Zoom

Set in the hills of Santa Barbara County's Santa Ynez Valley, Demetria Estate is a leading family-owned producer of Rhône and Burgundian varietal wines. The 213-acre estate sits in one of the best wine neighborhoods in the region, located just off Foxen Canyon Road, north of Los Olivos. The 45 high-elevation biodynamically farmed hillside acres are planted to primarily Rhône varieties, with a few exceptions such as tempranillo and assyrtiko.

Today, Demetria Estate is owned and operated by second-generation vintner Alexis Zahoudanis, whose parents immigrated to the United States from Greece and founded the winery in 2006.

Guided by an old-world holistic winegrowing philosophy in which the estate and cellar are intrinsically connected, the winemaking team is led by Winemaker and Operations Manager Emily Myers (at left), and Director of Winemaking and Viticulture Ryan Roark. Only the most attentive care and intention goes into the wine that Demetria Estate produces; each bottle reflects the land, ambition and commitment to regenerative and biodynamic farming practices. With honesty, hard work, and sustainable viticulture at the forefront, the team is dedicated to producing wines that are natural, excellent, and authentic to the land.

Emily will guide us through three of the quintessential Demetria Wines: 2023 Viognier, 2023 Santa Barbara County Pinot Noir, and 2022 North Slope Syrah, showcasing both the estate vineyard and the Santa Ynez Valley.

#### Three Bottle Tasting Set, \$100 +tax/shipping (retail value \$165)

Wine	Retail Price
2023 Viognier	\$45
2023 Pinot Noir - Santa Barbara County	\$65
